‘Convolution product formula for associated homogeneous distributions on $R$’

Ghislain R. Franssens$^*$†

The above article (DOI: 10.1002/mma.1397) was published online on 12 November 2010. An error was subsequently identified. Equation (48) in Corollary 5 should read as follows:

$$D_0^a \Phi_{x-i0} * D_0^b \Phi_{x+i0} = 1_{a+b-1 \in \mathbb{N}} \mathcal{C}^{a+b-1}, \quad c \in \mathbb{C},$$

The print publication will incorporate the amendment identified by this erratum notice.
